

---

This image displays a large grid of graph paper. The grid is composed of 20 columns and 20 rows. Each grid square is defined by solid lines. Within each square, there is a smaller square defined by dashed lines, creating a 2x2 sub-grid pattern in each main square. This layout is typically used for handwriting practice, where the dashed lines help guide letter formation. The grid is positioned below a horizontal line at the top of the page.
